Work Experience

Software Engineer

Aug 2024 – Present Wipro Ltd

- Developed and maintained backend services for a Shopify-integrated e-commerce platform using Node.js and NestJS, supporting customer and order management workflows.
- Automated daily operational reporting using AWS Lambda, reducing manual effort by approximately 50%.
- Built customer profile synchronization workflows with validation and API integration logic, improving data consistency across systems.
- Enhanced platform observability through structured logging and traceable event identifiers, accelerating issue diagnosis and troubleshooting.
- Increased order-processing reliability by implementing retry mechanisms, failure recovery workflows, and edge-case handling.
- Delivered coupon and voucher enhancements, including coupon voiding functionality, streamlining promotion lifecycle management.

Projects

MyFinBank — React.js, Node.js, Express.js, MongoDB, JWT

Frontend | Backend

- Built a full-stack banking application supporting account management, loans, deposits, transfers, and EMI calculation.
- Implemented JWT authentication and role-based access control for Admin and User workflows.
- Developed REST APIs and integrated React frontend with Node.js backend for seamless banking operations.

App Store Platform — Node.js, Express.js, MongoDB

GitHub

- Developed an application marketplace platform supporting application management and download tracking.
- Implemented role-based access control and private/public application visibility.
- Designed REST APIs and MongoDB schemas to support application publishing workflows.

Technical Skills

Languages	JavaScript, TypeScript, Python
Frontend	React.js, Next.js, HTML5, CSS3, Bootstrap
Backend	Node.js, NestJS, Express.js, Django
Databases	MongoDB, MySQL, SQLite
Cloud	AWS Lambda
Tools	Git, GitHub, GitHub Actions, Postman, Jira
Concepts	REST APIs, JWT Authentication, Microservices, DTO Pattern, CI/CD, Logging Observability, Agile Methodologies

Certifications

- Applied Software Engineering Fundamentals (Coursera)
- DevOps, Cloud, and Agile Foundations (Coursera)
- Web Application Technologies and Django (Coursera)
- Introduction to Web Development (Coursera)

Education

B.Tech in Computer Science Engineering

Aug 2018 – Jul 2022

Krishna Engineering College

CGPA: 7.4
