Work Experience

Software Engineer

Aug 2024 – Present Wipro Ltd

- Developed and maintained scalable backend services using Node.js and NestJS for a Shopify-integrated e-commerce platform supporting 10 international markets, enabling customer, order, and promotional workflows.
- Designed and implemented an AWS Lambda-based reporting automation solution serving 3 production markets, reducing manual operational effort by approximately 50% while improving reporting accuracy and consistency.
- Developed RESTful APIs and backend business logic supporting customer profile management, order processing, coupon lifecycle management, and enterprise integrations.
- Improved platform reliability by implementing retry strategies, failure recovery mechanisms, and resilient error-handling for critical backend services and integration workflows.
- Enhanced production observability through structured logging and traceable event identifiers, enabling faster debugging and root cause analysis.
- Delivered backend enhancements for coupon and voucher lifecycle management while investigating and resolving production issues involving orders, customer synchronization, and third-party API integrations.

Projects

MyFinBank — React.js, Node.js, Express.js, MongoDB, JWT

Frontend | Backend

- Developed a full-stack digital banking platform using React.js, Node.js, Express.js, and MongoDB, implementing secure JWT authentication, role-based access control, account management, loan processing, fund transfers, and EMI calculation through RESTful APIs.

App Store Platform — Node.js, Express.js, MongoDB

GitHub

- Developed a role-based application marketplace using Node.js, Express.js, and MongoDB, enabling application publishing, private/public visibility, download tracking, and RESTful API-driven content management.

Technical Skills

Languages	JavaScript, TypeScript, Python
Frontend	React.js, Next.js, HTML5, CSS3, Bootstrap
Backend	Node.js, NestJS, Express.js, Django
Databases	MongoDB, MySQL, SQLite
Cloud	AWS
Tools	Git, GitHub, GitHub Actions, Postman, Jira
Core Concepts	REST APIs, Microservices, API Integration, JWT Authentication, CI/CD, Logging & Observability

Certifications

- AWS Certified Cloud Practitioner(AWS)
- Applied Software Engineering Fundamentals (Coursera)
- DevOps, Cloud, and Agile Foundations (Coursera)
- Introduction to Web Development (Coursera)

Education

B.Tech in Computer Science Engineering

Aug 2018 – Jul 2022

Krishna Engineering College

CGPA: 7.4
